Profile

Write a concise statement about your job profile, skills and experience, and what you have to offer to the company. A resume summary can offer a quick view of your accomplishments right at the very beginning of your resume. This should be a small paragraph to really capture who you are.

Relevant Skills

- Soft Skills: List relevant skills that you have acquired that would make you a good developer. If you struggle to think of some, ask family, friends, coworkers, instructors, etc. EX: Empathy, adaptability, big-picture thinking, attitude, willingness to learn, critical thinking, etc.
- Technical Skills: List technical skills that you have learned in and out of Bottega. Only list skills that you are comfortable speaking to in an interview. EX: Javascript, ReactJS, Python 3, UML, HTML5, CSS, Flask, JSON, Git, MongoDB, SQL Databases, SCSS/SASS, Flexbox, CSS Grid, etc.

Projects

- **Fantastic Fries:** A multi-page, responsive restaurant website that utilizes HTML5, CSS3, Flexbox, CSS Grid, Animations, media queries, custom forms, responsive images, and a range of front end development techniques. https://jdh-bottega-react-portfolio.herokuapp.com/
- Don't feel restricted to only include projects that you develop in the course. Choose 2 or 3 that you are really proud of that you have developed in and out of the course. If you need help creating a summary for the projects, please see the Bottega team.

Work Experience

- **[Company Name],** *Title*   Date-Date
  Include key responsibilities in an interesting and easy-to-read manner. Focus your job experiences that are relevant to the specific position you are applying for. Write bullet statements about work you performed on this job and what you learned or accomplished that is relevant to your job objective. Only include the last 7-10 years of RELEVANT experience.
